Art Unit: 1653

This Notice of Allowability is in response to the papers filed October 6, 2005 and December 21, 2005, and to the agreement of the Examiner's Amendments set forth below.

Claims 1-8 and 20-80 have been cancelled. Claims 9-19 are currently pending and are under examination.

Priority is set to December 29, 2000.

An **Examiner's Amendment** to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph P. Meara on February 27, 2006.

Examiner's Amendments to the Claims:

Please amend the following Claims:

9. (Currently Amended) A method of making isolated superficial zone protein, comprising the steps of:

- (a) culturing chondrocytes in serum-free medium under conditions that allow expression of superficial zone protein;
- (b) harvesting the medium from the cultured chondrocytes; and
- (c) isolating the superficial zone protein from the medium.

13. (Currently Amended) The method of claim 12, wherein the [insect cell is] nucleic acid that encodes the superficial zone protein is comprised within a baculovirus[-infected cell].

Art Unit: 1653

The following is an **Examiner's Statement of Reasons for Allowance**: The prior art of record does not teach or suggest the claimed method of making superficial zone protein. The cited art distinguishes MSF from SZP, and while the culturing of chondrocytes in serum-free and serum containing medium is known in the art, it is not obvious that one used use one medium over the other for the expression of SZP. Therefore, the claims are allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Karen Cochrane Carlson, Ph.D. whose telephone number is 571-272-0946. The examiner can normally be reached on 7:00 AM - 4:00 PM, off alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dr. Jon Weber can be reached on 571-272-0925. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
